

RICARDO PLATA

UX/UI & PRODUCT DESIGNER

ricardo-g-plata

ABOUT ME

UX/UI & Product Designer with experience creating user-centered digital products, interactive experiences, and interface systems. Skilled in UX research, wireframing, prototyping, usability evaluation, and front-end implementation using Figma, Adobe Suite, Unreal Engine, React, and modern design workflows.

Passionate about designing intuitive experiences that connect user needs, business goals, and technology across web, mobile, and emerging digital platforms.

EXPERIENCE

Product Designer - Implemental Systems

Spazialab.com Website

July 2025 - January 2026

- Designed low and high-fidelity wireframes aligned with brand identity.
- Collaborated with front-end developers (React) to implement responsive UI components.
- Created user flows, content structures, and design documentation for implementation.
- Supported project organization, requirements tracking, and content management using Excel and collaborative planning tools.
- Participated in design-to-development handoff and iterative visual refinements.

UX/UI Design Intern – CodSoft

Medical Health Application, E-commerce Website, Restaurant App and Website

April 2025 - May 2025

- Designed and prototyped interfaces for healthcare, e-commerce, and restaurant platforms.
- Created wireframes, user flows, user journeys, and interactive prototypes.
- Applied usability heuristics and iterative design methodologies to improve user experience.
- Conducted interface evaluations and documented UX recommendations.
