ABOUT ME

UX/UI & Interactive Designer with a background in visual communication, game interface design, and immersive digital experiences. Experienced in creating interactive interfaces, visual systems, and user-centered experiences for web and game environments using tools such as Figma, Adobe Suite, and Unreal Engine 5. Passionate about interaction design, visual storytelling, and modern digital experiences, with additional knowledge in frontend technologies including HTML, CSS, and React.

EXPERIENCE

Product Designer - Implemental Systems

Spazialab.com Website

July 2025 - January 2026

- Design of low- and high-fidelity wireframes aligned with brand identity.
- Collaboration with front-end engineers (React) to implement UI components.
- Design-to-development handoff and iterative visual refinements.

UX/UI Design Intern – CodSoft

Medical Health Application, E-commerce Website, Restaurant App and Website

April 2025 - May 2025

- Design and prototyping of interfaces for health, e-commerce, and restaurant platforms.
- Creation of wireframes, user flows, and high-fidelity prototypes.
- Application of usability heuristics and structured iteration.

EDUCATION

Bachelor's Degree in Design and Art for Video Games

University of Advanced Technologies (UNIAT)
2021-2025
